**MEETING CANCELLED**

**Due to the Corona Virus and CDC guidelines, the April 6th meeting is being cancelled. Please stay safe and well.**

**Post Historian's Moment**

In August 1933, under auspices of the Keesler-Hamrick-Gillespie Post 29 American Legion, a new sport will be launched at Mossy Lake when sportsmen assemble for the first gar rodeo. Starting at 10:00 in the morning, the "garboys" will begin their onslaught with the rodeo ending at 2 o'clock. The catches will be weighed and measured and prizes awarded for capturing the largest gars of the day. Following the rodeo, the Legion Auxiliary will entertain the Legionnaires with an "old-fashioned" picnic at Legion Lake.

**TAPS**

Richard Avant, Honor Guard Commander reported military funeral services were held in the last month for: John Beach, Thomas C. Buford and James D. Allen, US Army; Herbert Schultz, US Air Force; Garry T. King, US Marine Corps; Dorian Muchow, US Navy. Services were conducted with pride and honor.

**Elks Club Breakfast**

Each Tuesday morning from 6:30 to 8 AM, the Elks Club on John Pittman Drive serves breakfast for Veterans only. A small donation is appreciated.

**POW/MIA Information**

If anyone has a relative from WW II, Korea, Vietnam or current conflicts that is still a POW (Prisoner of War) or MIA (Missing in Action) please let us know so their name can be added to our POW-MIA display table along with our prayers.

**Building Repairs**

Post 29 Adjutant Gary McDonald is seeing that our two doors on the East side of our post building are having storm doors installed. He is also taking care of getting our Post Name and logo added to our front door. Job well done Gary. Also, a lawn mower will be purchased for our grounds custodian, Legionnaire Steven Hambrick.

**Honor Guard Photo**

At a recent military funeral, First Vice Commander Richard Avant suggested we get an Honor Guard photo because we had such a large turnout of members and then update that photo onto our hand out form for the military services. That was done with great results. Thanks Richard, well done.
